Dear JH Family,

This summer, as temperatures rise, so does the energy across our salons and academies. From fresh haircuts to glowing skin routines, our clients seek comfort, care, and style – and we are here to deliver just that!

The big buzz this month is the grand launch of our **new COCO Salon in Andheri West** - a space that reflects not only luxury but also the ease and accessibility of Jawed Habib services.

It's not just a salon;
it's the JH Experience.

Let's continue this season with creativity, compassion, and confidence. Groom with purpose, style with soul.

Mahesh Gore
National Technical Head

Trimmed and trained from Singapore, Mahesh was the perfect match for a young company of just 60 salons which you now know as Jawed Habib (1000+ salons now).

17 years on, this man refuses to slow down! Train the Trainer, Skill India, Training support - Mahesh is a pro at it all. Always ready with his list of salons and academies to visit for on ground training, we are happy and fortunate he picked up the scissor and not the calculator (he holds a masters degree in Banking and Finance).

"Our family is growing every day and with new franchises, students and stylists joining us, lets never forget our core- education. So share and learn from each other as much as possible and if any doubts, Main Hoon Na. Reach me on "mahesh@jawedhabib.com" Mahesh signs off as he rushes to the Mumbai COCO Salon & Academy.

Irshad Salmani
Head Trainer

A veteran JH member, Irshad graduated from our first academy in Sainik Farm, Delhi all the way back in 2005. His career graph is an example we use proudly to show where hard work can take someone. Within 5 short years, Irshad went from a student to stylist and then a teacher. His ability to connect with students has made him a favourite and also the Head Faculty in the Mumbai academy.

Wait, the graph doesn't end there! He is JH's core team member for stage shows and has travelled to hundreds of cities teaching thousands of people. Adding to his never ending list of achievements, He also now owns a salon in Mumbai.

Thank you Irshad! For being an inspiration to us all and proving again and again that impossible is nothing.

Life's too dull to stay serious
- add some volume, change the style,
& don't forget to flaunt that fringe!

I want a hair style
that'd make me look
slim and slender!
