# Founder's Message

Hi JH Family,

May is here and so is the Indian summer. As the heat rises, comfort drops-especially for our skin and hair. This is the time to keep things simple, fresh and easy for our clients.

Let's focus on light styles, cooler colours and services that make people feel good when they step out. More than trends, it's about helping them feel relaxed and ready to take on the season.

Also, make your salons feel like a cool retreat. Chilled water, a fresh towel and a warm smile can make a big difference.

This season, let's lead with care and create experiences that people remember.

Cheers,  
Jawed Habib
