FESTIVE EDITION

Cutting Edge

NOVEMBER 2024 | VOLUME 9

Dear JH Family,

October is an action-packed month full of festivities and celebrations. Let us take a moment to appreciate everything we have achieved throughout the year and learn from our age-old culture and traditions. Diwali, the festival of lights, teaches us to illuminate our soul so we can eradicate the darkness of evil and negativity from all aspects of our lives.

On Dussehra, a symbol of triumph of good over evil, let's reflect on the importance of truth and morality.

The nine days of Navratri gives our mind, body and soul time of deep devotion, rest and rejuvenation and spread joy, love and positivity. And on Dhanteras, the real wealth we usher is wisdom, prosperity and good health.

Our Bhartiya history is rich with important life lessons and while we celebrate with all our loved ones at home and at work, let's all try to imbibe these lessons in our everyday life and enrich ourselves for a better future.

Best wishes to every one for this auspicious month!

Cheers
JH

Head Office Celebrations

Garba

Diwali

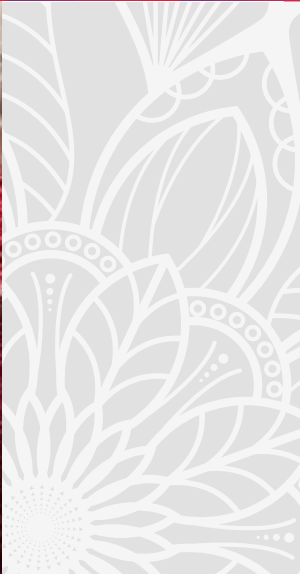

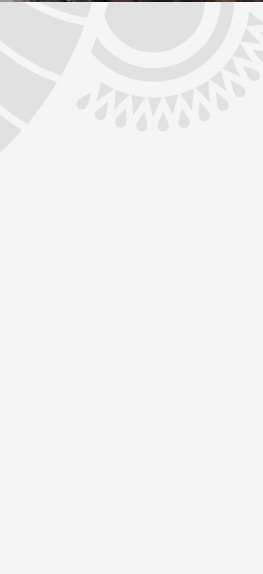

The Mumbai HO celebrated **Navratri** at the Andheri Academy, with the event beautifully organized by Ayesha Raza and Shashi Jhadav from the HR admin team respectively. The day was filled with vibrant energy, featuring games, dance performances, and delicious food. Many colleagues embraced the festive spirit by having their hair and makeup done at the academy to glam up for the occasion, adding an extra sparkle to their colorful Navratri attire. The lively garba performances brought everyone together, and it was a delight to see everyone in traditional outfits. The celebration created a joyful and memorable experience for all.

Diwali celebrations also took place in full swing at the HO. The office was decorated with festive Diwali rangoli, filling the space with colors and enhancing the holiday spirit. It was a warm and cheerful gathering, bringing everyone together to celebrate the festival of lights.
